

More Than Milk & Honey Support America's Friend

For Passover & throughout the year

While Israel may be known as “the Land of Milk and Honey,” all of Israel produces and grows many delicious and wonderful products, from olives, hummus and soups to cookies, candies and beverages.

When you buy goods made and grown in Israel (including Judea and Samaria) not only are you getting quality items but you are also supporting a loyal and important American ally. Israel and America share a common heritage and common values including a love of freedom, respect for human rights and religious liberty and democracy.

On the reverse side of this flyer are some of the many items from Israel that may be available at your local supermarket and information about where you can buy Israeli products. If the store where you normally shop does not carry items from Israel, please speak with the manager.

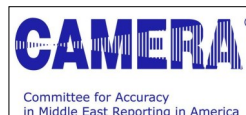

We hope you will try some new items from Israel and will continue to add these and other Israeli-made-and-grown goods to your cart as part of an ongoing commitment to bring a little bit of Israel into your home each trip to the supermarket. Remember to introduce a friend or neighbor to something from Israel.

Please buy extra items from Israel and donate them to the Mitzvah Food Project or food pantry of your choice. See other side for details. Print copies of this flyer and share it with friends or give it out at the supermarket.
